Grand total \$38,008.89

20" floor Machine

I MOP

Commercial Vacuum

CS16 Walk-Behind Micro-Scrubber

High Productivity for Congested Areas

The CS16 is a compact, reliable, and user-friendly micro-scrubber that provides effective cleaning in tight spaces. Its easy-to-use controls, low-profile design and ergonomic handle provide easy operation. The CS16 is ideal for hard-to-reach spaces in areas such as hospitals, retail stores and offices.

CS16

Award bid

- Fire panels for Courthouse and Annex along with new smoke detectors for Weber Road Facility

- Roberts Alarm Systems \$27,859.00

This was NOT budgeted. Maintenance will forego installation of new handrails (which was budgeted) at the courthouse and use that money for this need.

To Whom it May Concern

Re: **Emergency letter about failure of boiler pump in Jail.**

One of the two boilers in the jail has failed. The other is of the same age and may go at any time. It that happens, we will have no Hot water in the kitchen, showers, wash stations, or other pertinent places. The jail cannot operate within legal limits under that scenario.

I therefore declare this an emergency situation as we have no time to waste. There will be some amount of time to get a new unit on site and installed. The bidding process alone would require 3 weeks. We do not have time to spare.

Thank you for your consideration.

Respectfully yours,

Harold Gallaher, Presiding Commissioner.
