# BRO vs SOFT MATCH

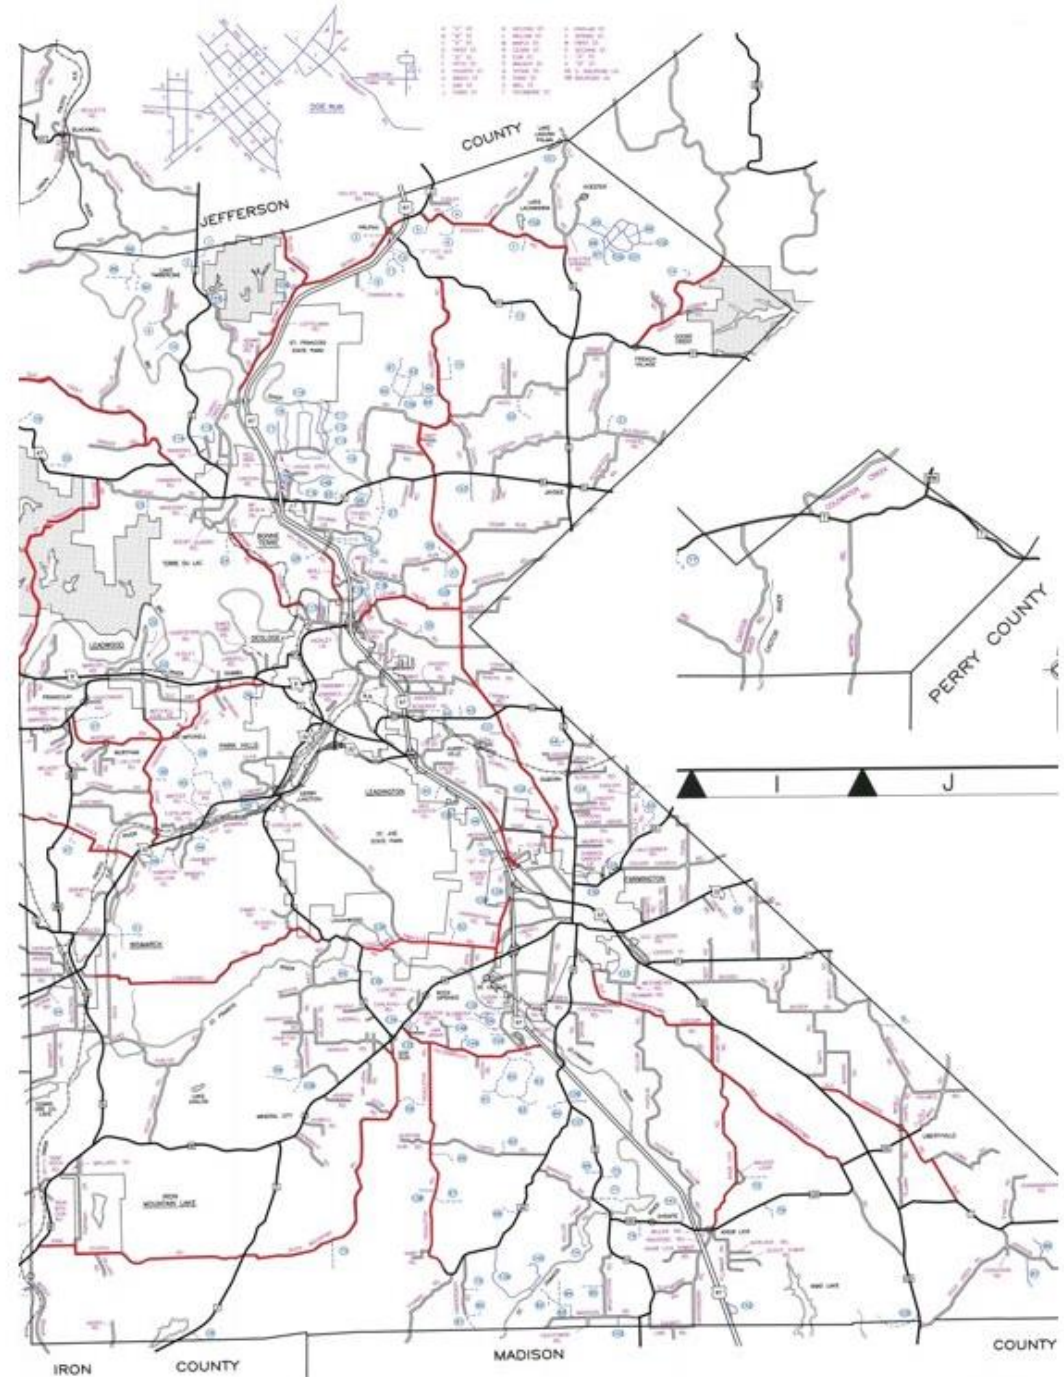

## BRO Projects

- Must be obtained from MoDOT list of eligibility
- Unless authorized, FHWA will only allow the total roadwork portion of a BRO project to be a maximum for 10% of the total cost.
- Estimated timeframe from start to finish 2.5 years
- Must have a zero balance in the BRO fund with the State to start a project.
- If no Soft-Match the County must pay 20%
- MoDOT will allow the County to go in the negative up to 2 years allocation.

## Soft Match

- Built by the County to obtain credit
- Soft-Match credit can only be used to cover the County's 20% cost of a BRO project
- Only bridges eligible for funding on MoDOT site can be built for credit.
- Can be traded to other Counties at a 1-2 ratio for BRO funds or at 1-1 for cash.
